

DURASOL DURASHADE E3500 ZIP

DuraShade Exterior retractable solar screen systems decrease your home's temperatures, increase privacy and protection, and blend perfectly with any decor and lifestyle.

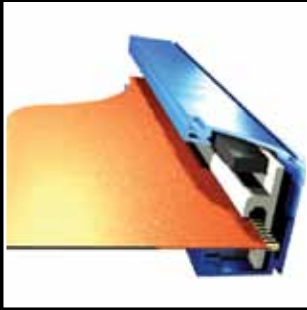

The DuraShade *E3500 Zip* is an efficient unit that locks the fabric into the side track to provide superior stability. The zip system prevents moderate wind from blowing the screen out of track. The *E3500 Zip* system is a great exterior screen application for screen room enclosures and rooms which require total blackout.

SPECIAL FEATURES AND BENEFITS INCLUDE:

- Minimizes the entry of insects
- Fabric runs smoothly inside the guide channels
- Can assist in blocking outside noise
- Provide visual privacy from outside, while preserving window views from the inside
- High grade stainless steel fastener hardware provides better overall strength and corrosion resistance
- Offers an array of unique textured fabric with many opacity options
