STANDARD FEATURES

Exceptionally quiet belt drive. Solid performing chain drive.

Safety first, safety always

When the obstacle sensing beam is crossed, the door reverses to fully open.

Smooth, quiet operation

Built-in vibration isolation system for both motor and chassis keeps noise and vibration from being transferred to the rest of the house.

Park or reverse door

To permit both ventilation and access, the garage door can be stopped and parked during either upward or downward travel.

Secure, responsive remote control

Remote controls operate over a long range and employ high security technology to prevent anyone from stealing your code and using it to gain entrance to your home.

Deluxe wall station

All controls are large and clearly marked (door UP/DOWN control, courtesy light switch, and vacation mode). Illumination for finding wall station in the dark.

Automatic courtesy light

Dual 100W MAX lights illuminate the garage for five minutes every time the operator is used.

Easy door release

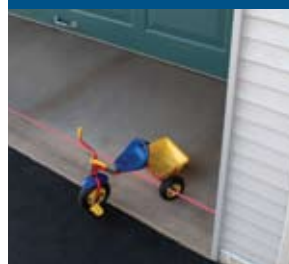

When you need to open or close the garage door manually, simply release the operator's quick-disconnect trolley.

Assurance through self checks

The operator's self-diagnostic system continuously checks to see whether everything is working properly. In the unlikely event of a problem, it will pinpoint the trouble and let you know by flashing the courtesy light. You can often solve the problem on the spot with a call to Apple Door Systems.

Extra strong "I" Rail

Protector model comes standard with reinforced "I" Rail for large or heavy doors.

State of the Art Photo-Eye Door Safety System

THE ENTERPRISE COLLECTION

ABOUT US

We are very proud to offer The Enterprise Collection, our private line of garage doors and openers that will give your home a grand entrance. While we specialize in garage doors, we also sell and install all types of doors and awnings for your home or business. Since 1973 we have been serving Virginians with the finest products backed up by professional service. Our 30 service and installation trucks are manned with the best trained, most well equipped technicians in the business.

We are proud to showcase our products in 8 locations throughout Virginia. You'll find Apple Door stores in Richmond (Chesterfield & West End), Fredericksburg, Waynesboro, Williamsburg, Newport News, Chesapeake and Charlottesville. Each location is locally owned and operated and has a fully staffed showroom and customer service center. Please visit the "Contact/Info" section of our website for the store nearest you.

Whether it's our hallmark garage door products, entry doors, retractable awnings or heavy duty industrial doors, Apple has the access products of choice throughout Virginia. Call us today or stop by one of our showrooms and let us custom design a system for you. Remember, if you need emergency repair service just call us, 24 hours a day. We look forward to serving you.

Thank You

Dan Apple, President
