DECK & PATIO AWNINGS

DURASOL
AWNINGS
Your Total Shading Solution

Durasol SunCassette Total Shading Solutions

Create an eye-catching look for your deck or patio while adding living space for you to enjoy!

Designed to provide optimal shade and fabric protection, the **SunCassette** family of awnings consists of two uniquely crafted models; the Bella and Carina. Regardless of the model selected, you can rest easy knowing that the cassette housing design provides the unit with a sleek and stylish look that encapsulates the entire awning, protecting the fabric from the elements while retracted.

Your Durasol **SunCassette** awning provides a high level of UV protection, allowing everyone to stay outdoors longer without concern of the harmful effects of the sun. You'll enjoy a worry-free, elegant outdoor living experience, with on-demand solar protection through an easy push of a button. Add beauty, value and function to your home's exterior with a **SunCassette** product.

Go Green on Energy Cost!

Go Green and Reduce Energy Cost

Durasol retractable awnings effectively filter the sun's light creating a cool and relaxed environment. Solar heat gain is greatly reduced by limiting the amount of direct sunlight that enters a window or door.

The use of fabric awnings will reduce solar heat by up to 90%* and lower indoor temperatures by 10-15%, thus saving 25%* on air conditioning costs throughout the warmer months. *Source: 2007 PAMA

The **Bella** is Durasol's flagship retractable cassette awning. Its semi-cassette design mounts flush against the wall of your home or business, for a sleek look when retracted. This extraordinary awning incorporates a patented tipping system. The **Bella** is a practical unit yet elegant addition that will last for years.

- Allows pitch of up to 53°, yet always engages the cassette when retracted
- Maintains a tight seal when retracted providing complete fabric protection
- Bottom cassette tray eliminates the need for a center support
- Large chamber front bar with a built-in rain channel
- Teflon® coated bushings with stainless steel pins keep unit quiet and maintenance free

Roof Mount

Wall Mount

SPECIFICATIONS*

Unit Width Range	6'8" - 30' (1/4" increments)
Unit Projection	5'3" - 13'6"

Cassette Bottom Tray

Roof Mount

The **Carina** is designed for durability and longevity. Relaxing under a Durasol awning can be a wonderful way to enjoy a lazy afternoon or an evening of entertainment. The **Carina** is ideal for wall and roof mount applications, and an added level of protection.

- Semi-cassette style hood entirely protects the fabric when in the retracted position, providing added protection
- Clean closure helps create a more finished look
- Available up to 21' wide with wall or roof applications
- Unique cross arm option allows longer projections in narrow widths
